4-H AND FFA DEPARTMENT

LOCAL RULES

The Merced County Spring Fair is limited to members of chapters or clubs residing in Merced and Madera Counties. The Junior Department is for young people who want to enter exhibits at Fairs. There are a number of organizations that want competition among members of the organizations. The Fair can do this by establishing divisions and classes for groups such as FFA and 4-H Clubs and others. The Fair will provide the opportunity for young people to exhibit who are not members of an organization. The Fair can do this in several ways. It can let the young person compete in the appropriate class in direct competition with an organization member if there are very few "independent juniors". It can form separate classes for these independent juniors if there are enough to form a class. In livestock classes, the independent must meet the age and grade requirements if they are in direct competition with members of an organization.

ELIGIBILITY AND AGE REQUIREMENTS

1. FFA members may participate in classes when they enroll in High School Vocational Agricultural classes, and may exhibit as members to the end of the calendar year following graduation.
2. 4-H members may enroll when entering the fourth grade and can exhibit as members until the end of the calendar year in which the member becomes 19.
3. Independent junior exhibitors not affiliated with any organization can enter appropriate FFA or 4-H classes if they meet the age or grade level requirements.
4. Home Economics Related Occupations (FHA, HERO) is for secondary school students, grades 6 – 12, who have been or are currently enrolled in a consumer and homemaking education or home economics related occupational program.
5. Fairs may offer divisions and classes restricted to children, 19 years of age and under, who are not under the FFA, 4-H youth programs or other recognized junior farm organization program.
6. County, District and State Fairs cannot legally carry liability insurance covering junior exhibitors and/or their exhibits. Liability insurance is the responsibility and is at the discretion of the junior exhibitor. Therefore, it is suggested that junior exhibitors consider taking

out a liability policy covering themselves and their exhibits.
