B. Scope of Work

Contractor shall furnish all labor, equipment, materials, and other services necessary for the complete maintenance of the aforementioned locations. Work shall include all building perimeters, breezeways, courtyards, drive isles, parking lots, and planters. Unimproved areas are not a part of this bid. Contractor shall bid each site separately. Contractor is not required to bid all sites. Bids shall clearly indicate exceptions.

All work shall be performed in accordance with applicable laws, and regulations, codes, and ordinances of state and local agencies.

Contractor shall comply with all applicable laws and regulations relating to safety, including the regulations of the California Division of industrial safety.

The contractor shall perform **weekly** inspections of the complete grounds of irrigation and landscaping, for maintenance needs and safety hazards.

The contractor will inspect the area with a Human Services Agency representative on an as needed basis.

Maintenance services should be provide on a weekly basis, Monday through Saturday, between the hours of 7 a.m. and 6 p.m., unless other arrangements have been made with a Merced County Human Services Agency representative.

C. Licenses

A State of California C-27 Landscape Contractor License is required.
A Merced County Business License is required

D. Workmanship

It is the intention of the owner to call for the highest level of quality in landscape maintenance compatible with standard practice. All landscaping services shall be performed by an experienced landscape technician, directly employed, and supervised by the contractor. Contractor shall provide information in technical supervision through a competent foreman, as required, to implement modern methods and newly developed horticulture procedures.

The contractor shall cooperate with the County's representative to enable the County to determine the contractor's conformity to these specifications and the adequacy of the work being performed.

E. Non-Interference

The contractor shall perform all necessary work detailed in these specifications in such a manner as to not interfere with the public use of this area. Whenever the contractor finds it necessary to do so, he/she shall give adequate written notice to the County's representative; in no case less than 48 hours prior to commencement of specific work.

F. Damage by Contractor

All damage to owner's landscaping, equipment or property due to the contractor's negligence shall be the responsibility of the contractor to repair or replace at no charge to the owner.

G. Extra Work beyond the Scope of Contract

The contractor is responsible for replacing or repairing damages upon the site whether caused by theft, vandalism, maintenance, or natural causes. Any repairs for damages, except those caused by contractor, will need authorization by the Human Services Agency representative. All repairs of damages to irrigation systems shall be made with products equal in manufacture and model as that which has been damaged unless previously authorized by the Merced County Human Services Agency representative. Contractor shall make replacements of unapproved materials at no cost to the Owner.

H. Subcontractors

Contractor is permitted to utilize subcontractors for the performance of specialized services relating to the maintenance of the landscape where permitting, licensing or certifications to perform such services are required by law and the contractor does not possess such permit, license, or certification. These services shall include, but are not limited to, chemical applications, disease and pest control and tree trimming/pruning. Contractor shall provide a list of all subcontractors to be used in performing work within this scope. The contractor shall warrant all work performed by its subcontractors and repair any damage caused by its subcontractors at no cost to the owner.

I. Chemical Application and Reports

Pest control application shall be done only by qualified, trained personnel either employed directly by the contractor or as a sub consultant to the contractor. Contractor must use approved materials. Chemical application shall be done with extreme care to avoid damage to desirable plant material, or to prevent any conditions which would be hazardous to any person or pet. **The contractor shall submit a report to the owner's representative each month in which pesticides have been used and where they were used.**

J. Compensation and Reports

Contractor shall be paid for maintenance work on a monthly basis. **Contractor shall furnish the County representative an itemized monthly statement showing services rendered with a copy of the State Pesticide Report attached.**

II. LANDSCAPE MAINTENANCE SPECIFICATIONS

A. Irrigation - General

Irrigation shall be done with the use of automatic sprinkler systems where available and operable. Failure of an existing system to provide full and adequate coverage shall not relieve the contractor of the responsibility to provide proper coverage of all areas. Providing any supplementary hoses, sprinklers, nozzles, and etc. necessary to accomplish full coverage shall be the Contractor's responsibility. Timer shall be set to apply minimum watering necessary to maintain landscape. During winter months irrigation timer shall be set for minimal maintenance cycle only.

1. Maintenance - The Contractor shall maintain all sprinkler systems in such a way as to give proper coverage and full working capacity, making adjustments necessary to prevent excessive run-off into streets or other areas not intended to be irrigated. Care shall be taken to prevent wasting water, causing soil erosion, or allowing seepage into existing underground improvements or structures.

The contractor shall be responsible for actively maintaining all components listed below as a part of their bid. The Contractor shall at no additional cost to The Human Services Agency keep controller and valve boxes free of dirt and debris.

- a. Sprinkler heads, and/or drip emitters
- b. Sprinkler caps
- c. Sprinkler head risers
- d. Valve covers
- e. Valve boxes
- f. Valve box lids, including electrical pull boxes and lids
- g. Valve sleeves
- h. Quick coupler valves and caps
- i. Hose bibs

The Contractor is not responsible for mainline, valve, lateral line, controller, or control wire breaks or failures, unless caused by contractor negligence. Such damage or failures will be reported promptly to Merced County Human Services Agency representative, together with an estimate of costs for correction of the condition. Contractor shall be responsible for providing water to areas affected by such failure, taking appropriate action to maintain optimal soil moisture and prevent plant stress and death. Contractor shall continue to provide such measures until repairs have been approved and implemented. Any plants that die due to failure of the contractor to provide temporary water shall be replaced with material of equal size and species to that which died at no additional cost to the Merced County Human Services Agency.

- 2. Inspection - The contractor shall, at least once a week, inspect all areas covered by an automatic irrigation system for any malfunction. Approximately 30 days prior to the termination of the contract, a test of all irrigation systems shall be made by the contractor and the Human Services Agency representative. Any repairs deemed the contractor's responsibility shall be made by the contractor prior to the end of the contract period.
- 3. Damage to Irrigation System:
 - a. Repair and replace any irrigation equipment or other work damaged as a result of maintenance operations at the Contractor's expense.
 - b. Damage to the irrigation system not resulting from Contractor's negligence will be reported promptly to Merced County Human Services Agency representative, together with an estimate of costs for correction of the condition. This applies also to changes needed to the system.

B. Debris Removal

Litter and trash including leaves, grass clippings, rubbish, papers, bottles, cans, and other debris should be removed from all areas, including curbs, gutters, and sidewalks on a minimum of once a week basis. All refuse from the maintenance operation will be disposed of off the property.

C. Soil Surfaces

Maintain soil surfaces and supply additional topsoil where necessary, including areas affected by erosion and soil and plant settlement, and tree stake or plant removal.

D. Bark

Contractor shall refresh bark in planter beds on an annual basis in April. Maintain bark depth at three inches (3") for soil moisture retention and weed control.

E. Turf Maintenance

1. Mowing

All turf area to be mowed with power-propelled reel or rotary-type mowers. Mowers shall be maintained to provide a smooth even cut. The contractor shall remove all papers, rubbish, or debris from turf prior to mowing.

All mowers shall be cleaned prior to each mowing to avoid possible weed invasion.

Mowing shall be scheduled on the same day of each week.

Mowing is to be performed so that no more than one-third of the grass blade is removed in returning the grass to acceptable height for grass species. Turf shall be mowed weekly during the growing season and at other times as needed. Mowing patterns shall be alternated each week to avoid creating ruts and compaction.

All clippings shall be bagged and removed from site.

2. Edging and Trimming

Edging and trimming shall include removing all grasses and weeds along walls, fence, foundations, curbs, sidewalks, paths, drives, shrubs, trees, poles, stakes, guy wires or any other object or structure within or bordering the turf area. Contractor shall edge and trim at each mowing.

Contractor may use herbicides to control weed growth next to walls, fences, curbs, gutters and foundations. Herbicides may be used next to trees and shrubs, but any damage resulting from such use shall be the contractor's responsibility.

The contractor shall abide by all rules and regulations of the California Department of Pesticide Regulation, Department of Health, and Department of Industrial Relations regarding the safe application of herbicides. Care shall be taken to ensure the safety of the public and the contractor's employees during chemical weed control operations. Care shall be taken by the contractor to avoid herbicide drift onto non-target plants.

Trimming shall be done around sprinkler heads as necessary to permit maximum water coverage by the system. Excavations and bare lawn areas around sprinkler heads to minimize trimming is not permitted. Contractor is responsible for all damages caused by trimming and edging.

3. Aerating

Turf should be plugged or aerated once per year in the spring, prior to fertilization, as needed. Such services shall be billed as additional services and not included in contractor's monthly maintenance fee.

Contractor shall provide Merced County Human Services Agency representative a description of areas proposed to receive aeration together with an estimate of costs for such services for review and approval.

4. Fertilization

The contractor shall bid to provide two pounds of actual available nitrogen and fifty pounds of gypsum for each 1000 square feet of turf each year. This shall be applied in two applications, one pound of nitrogen and twenty-five pounds of gypsum applied in the spring, and one pound of nitrogen in a complete fertilizer 16-6-8, or equivalent, and twenty-five pounds of gypsum applied in the fall.

Apply one half cup of granular 15-15-15 fertilizer per foot of shrub height, one cup per inch of tree diameter. Apply fertilizer in 1-inch diameter holes inside the drip line once per year in early spring.

Contractor shall have three soil samples, taken at random on site, evaluated by a reputable soil laboratory. Such evaluation shall be for general soil fertility with recommendations for turf and ornamental plants. Submit results of the laboratory analysis and recommendations to the Human Services Agency representative for review and record. Contractor shall submit a quote for application of materials, beyond those specified above, as required by the soil laboratory for approval prior to applying amendments or fertilizers.

5. Sweeping and Blowing

Turf Sweeping

Routine sweeping of clippings is not required unless such accumulation of clippings shall cause damage to underlying lawn.

Hard Surface Sweeping/Blowing

The County has a sweeping service for routine sweeping of parking lot and drive isles. Contractor is responsible for weekly sweeping or blowing of curbs, sidewalks, and gutters to remove grass clippings and dust from their work area. All clippings and dust shall be directed toward turf area. Debris shall be picked up and not blown onto neighboring streets or properties.

6. Irrigation

Turf shall be watered as required to maintain acceptable growth and color and to promote deep root growth per horticultural standards. Turf shall be irrigated at night or early morning. Turf shall not be watered on the day prior to mowing. Intermittent (cycle and soak) applications during the irrigation period should be used to eliminate runoff and conserve water.

F. Turf Replacement

Contractor shall report to the Human Services Agency representative any and all damaged, unhealthy, and dead grassed areas together with a report on the suspected cause and recommended cure for such damage, health condition, or death. Contractor shall be responsible for replacing turf which dies due to improper maintenance, contractor negligence or damage, in which case, the contractor shall remove the affected turf area and replace with material of equivalent variety subject to the prior approval of the Human Services Agency representative. Contractor shall be responsible for replacing turf which dies due to insects, pests, disease where contractor has been paid an additional fee to treat affected areas. Contractor shall not be responsible for turf areas which die due to applications of herbicide, where the predominant species were weeds. Contractor shall provide a quote for reseeding or sod replacement in these areas. Replacement grass may be sown or sod replaced only upon the Human Services Agency representative approval. The Human Services Agency shall be responsible for replacing lawn which dies from vandalism, weather, and flood or causes other than specified as the contractor's responsibility

G. Tree Pruning and Maintenance

Contractor shall be responsible for maintaining all trees on site excluding City street trees. All trees shall be allowed to grow to their natural genetic form and size, unless specifically accepted. Tree pruning should have two basic objectives: to promote structural strength and to accentuate the natural form and features of the tree.

Standard pruning shall consist of the removal of dead, dying, diseased, decaying, interfering, objectionable, obstructing, and weak branches, as well as selective thinning to lessen wind resistance. Additionally, contractor shall be required to maintain a vertical clear zone of eight (8) feet, measured from finish grade to bottom of canopy, to prevent obstructing walkways and visibility. Removal of branches shall be back to point of branching.

Trees shall be pruned lightly throughout the year to meet these objective and standards. Large trees requiring hard or extensive pruning or work eight (8) feet above ground shall be performed by a tree pruning contractor under separate contract as described elsewhere in this document. Contractor shall be responsible for informing the owner of trees which need hard or extensive pruning.

All pruning practices and techniques shall be consistent with the American National Standards Institute Pruning Standards #8300-1995.

All safety rules of California General Industry Safety Orders Title 8, Article 12 Tree Work, and Maintenance Removal shall be followed, and observed.

Contractor shall maintain a three foot diameter clear zone, measured from center of trunk, around each tree in turf and groundcover areas. Clear zone shall be established manually or with chemical applications, however, contractor shall be responsible for damage to trees arising from improper chemical application. Clear zone shall be treated with pre emergent herbicide and top dressed with three inches of bark to limit weed growth.

H. Tree Stakes and Ties

Maintain and replace stakes and ties with equal material until plant is capable of standing vertical and able to resist winds and winter storms. Remove and properly dispose of stakes and ties once tree is capable of standing vertical and able to resist winds and winter storms. Holes left by stake removal shall be filled in with top soil as indicated elsewhere in this document.

I. Shrub Pruning and Maintenance

The general objective for pruning of shrubs and vines are to maintain growth within space limitations, to maintain a natural appearance, to eliminate diseased or damaged growth, and to select and develop permanent branches.

Shrubs should be lightly pruned to conform to the design concept of the landscape. Individual shrubs should not be clipped into balled or boxed forms, except in formal settings.

Vines should be pruned to control growth and directions, and should be kept "inbounds" and not allowed to grow over fences, gates, or other structural features.

J. Ground Covers

Established ground covers bordering sidewalks or curbs should be edged as often as necessary to provide a clean crisp line at all times. Ground covers should not be allowed to touch or cover the crowns of shrubs and trees.

Ground covers should be irrigated according to the water requirements of the plants. Because both trees and shrubs are often planted in ground cover areas, irrigation should be made with the water requirements of all plants considered. Moisture checks should be made periodically by use of a soil probe in various ground cover areas. These checks should be used as a guide in water requirement.

Fertilization should coincide with the ground cover growing season, of a complete fertilizer applied in the spring, per manufacturer's recommended application rate, is generally adequate. Ground cover areas require a minimum of two applications of fertilizer, one in early spring and again in late spring or early summer.

Ground covers will develop a thatch layer with age. This mat of old stems (thatch) is not

only unsightly, but harbors a great number of insects, rodents and other undesirable pests. Renovation of ground shall be done at the end of the dormant season, and will reduce the thatch and revitalize the appearance of the ground cover. In order to establish complete coverage within a maximum of two grounds seasons, ground cover plantings should be kept healthy and actively growing with proper irrigation and fertilization.

K. Disease and Pest Control

The contractor shall routinely inspect all landscaped areas for the presence of disease, insect, or rodent infestation. Any disease, insect, or rodent infestation discovered shall be reported to Merced County Human Services Agency representative, together with an estimate of costs for correction of the condition. Upon approval of the Human Services Agency representative, the contractor, or its subcontractor, shall implement the approved control measures utilizing all safeguards necessary to protect the public and contractor's employees. The Owner retains the right to contract for these services separately.

Use of chemical pesticides - All rules of the California State Department of Pesticide Regulation, Department of Health, and Department of Industrial Relations regarding safe application of pesticides shall be observed. Care should be taken to avoid pesticide drift onto non-target organisms.

L. Weed Control

Weeds shall not be allowed to grow in paved areas such as driveways, curbs, walks, paths or in tree wells, shrub, and ground cover areas. Keep clear zones and areas between plants free of weeds. All weeding shall be done by hand or application of herbicides. Use herbicides according to manufacturer's recommendations. Remove dead weeds and cultivate as necessary for aeration. Contractor shall apply twice yearly to all planter beds an approved pre-emergent herbicide to minimize weed germination and growth. The first application shall be in late spring, the second in early fall.

Herbicide used in turf areas shall be at the Contractor's expense. Pre-emergent's shall be applied once in spring (February – March) and once in the fall (September –October). Use only pre-emergent herbicides safe for use on the species of turf without causing harm to the turf.

Any herbicide application must be applied in strict accordance with manufacturer's label application procedures.

M. Leaf Pick-Up

All leaves shall be picked up from turf, flower beds, scrub beds, and hard surface areas weekly. Take extra care to pick up all leaves during the months of October through January.

N. Dead or Damaged Plant Replacement

Remove dead and damaged plants. Replace with materials of equivalent size, condition, and variety, subject to the approval of and purchase by the owner. Any plants that die due to negligence by Contractor will be replaced without charge.

O. Service List and Schedule of Services

The following services shall be performed as a part of the regular maintenance contract at no additional cost to the owner. Services shall be performed at the service interval indicated.

Irrigation Timing Schedule Quarterly

Irrigation:

Turn On	Daylight Savings Time (April)
Turn Off	Daylight Savings Time (October)

A typewritten calendar schedule of contracted services for each site shall be provided to Human Services Agency representative at the onset of the contracted service, and with each revision thereafter.

Rotate colorful flowering plants

Contractor will rotate colorful flowering plants in identified areas based on seasonal growth; spring, summer autumn, and winter, type and color of plants to be discussed with Agency representative prior to planting.

The services, described below and elsewhere in this document, shall be performed as additional services outside of the regular maintenance contract. Contractor shall meet quarterly with the owner to review the need for such services, evaluate recommended solutions, and estimated costs.

Lawn Replacement/Seeding Annually in spring or fall

Larger Tree Pruning See Below

Deciduous trees, shall be pruned when dormant, to promote open framework in head, once every other year or as necessary. Prune evergreen trees in fall and early summer to thin out heads and shape as necessary. Pruning shall consist of the removal of dead, dying, diseased, decaying, interfering, objectionable, obstructing, and weak branches, as well as selective thinning to lessen wind resistance.

Aeration Annually in spring (April)

Bark/Compost in Flowerbeds Refreshed Yearly to Maintain 3” depth (April) (Wardrobe, 23rd Street, and Los Banos Sites)

1. Bid Rejection/Waiver of Informalities

THE COUNTY RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS OR ANY PART THEREOF, TO WAIVE ANY INFORMALITIES IN THE BID AND MINOR IRREGULARITIES, TECHNICAL DEFECTS OR CLERICAL ERRORS.

The County's decision shall be final. The County's waiver of an immaterial defect shall in no way modify the bid documents or excuse the bidder from full compliance with its specifications if the bidder is awarded the bid.

2. Bonding Requirements

If required, before execution of the contract with the successful bidder by the County, the successful bidder shall file with the County the necessary bonds satisfactory to the County in the amounts and for the purposes noted. Bonds shall be duly executed by a responsible corporate surety, authorized to issue such bonds in California and secured through an authorized agent with an office in California. The successful bidder shall pay all bond premiums, costs and incidentals.

3. Condition of Equipment Bid

If equipment is proposed, it is to be the newest and latest model in current production. Used, re-manufactured, shopworn, demonstrator, prototype or discontinued models are not acceptable unless otherwise stipulated under this bid.

4. Brand Names

Manufacturers' brand names and model numbers, when used, are for reference to indicate the character or quality desired. Equal items will be considered, provided your offer clearly describes the item. Offers for equal items must state the manufacturers brand and model number, or level of quality. The determination of the Department of Administrative Services-Purchasing as to what items are equal is final and conclusive. When manufacturer's brands, model numbers or level of quality is not stated by bidder, the offer will be considered exactly as specified.

5. Payments, Invoicing and W-9 Certification Form

Invoices in triplicate, shall be mailed or delivered to the County Department whose name and address shall appear in the "INVOICE TO" section of any purchase order and/or contract as a result of this bid.

In addition to the itemized invoice(s) submitted by the successful bidder for payment, the successful bidder must also complete and submit a Form W-9, "Request for Taxpayer Identification Number and Certification", (www.irs.gov/pub/irs-pdf/fw9.pdf) to the County. Both invoice(s) and W-9 form shall be forwarded to the County at the address indicated in the purchase order and/or contract. Upon approval by the County, the sum due hereunder shall be paid to the successful bidder within thirty (30) calendar days following acceptance pursuant to Section "Acceptance Test", and receipt of a proper invoice(s).

6. Delivery Hours

Delivery will be accepted from 9:00 a.m. to 4:00 p.m., Monday through Friday.

7. Damage of Items

All damages pursuant to items received by County due to the successful bidder's negligence shall be the responsibility of successful bidder to replace.

8. Alternate Bids

Alternate bids may be considered at the discretion of the County if alternate bids are called for in this bid. County will be the final authority to accept or reject an alternate bid.

The County will accept bids for:

Items 1 through 4

Item 1 as a standalone bid

Items 2, 3, and 4 as a standalone bid

9. Cash Discount

In connection with any cash discount specified on this bid, time will be computed from the date of the complete delivery of the items/equipment as specified, or from date correct invoices are received in the County department requesting such items/equipment, whichever is later. For the purpose of earning the discount, payment is deemed to be made on the date of mailing of the County warrant or check.

10. Pricing

For the first twelve months of the Contract, pricing will be fixed at the submitted bid pricing. Sixty days prior to the anniversary date of the Contract, the Contractor may submit proposed pricing revisions for the follow year, which will be subject to negotiation by the County at the County's discretion. The Director of Administrative Services shall be the authorized County agent in any such negotiation. The Contractor must provide adequate documentation to substantiate any request for price increase.

11. Risk of Loss

The successful bidder shall bear risk of loss until goods have reached the final F.O.B. Destination point. Thereafter, County shall bear risk of loss.

12. Prior to Shipment

While the successful bidder has risk of loss, the successful bidder agrees, at its own expense, to procure and carry suitable fire, and extended coverage insurance on material, work-in-process and any furnished items which comprise or will eventually comprise the Piece-of Equipment. The amount to be insured shall be the actual replacement value of said material, work-in-process and furnished items. Such insurance shall provide a loss payable clause in favor of the successful bidder as its interest may appear.

14. Examination of Bid Documents

All bidders shall carefully examine the specifications herein and must fully inform themselves of the conditions and requirement of the items/services to be furnished. Failure to do so will be at bidder's own risk and cannot secure relief on the plea of error, or dispute, or question such specifications and the directions explaining or interpreting them.

Should a bidder find discrepancies in, or omissions from, the specifications, or should he/she be in doubt to their meaning, he/she shall at once notify the County's Department of Administrative Services-Purchasing. Notification is to be in written form and must be submitted at least seven (7) work days prior to the Bid Submittal Deadline. Any interpretations by the County will be made in written form. Any change in requirements will be done in the form of a written addendum. The receipt of any resulting amendment must be acknowledged in accordance with the directions on the amendment. **Oral explanations or instructions given before the award of the contract will not be binding upon the County.**

All other questions should be directed to the buyer shown on the "Cover Sheet" of this Invitation for Bid (IFB).

15. Request for Changes

The County reserves the right to order in writing changes in the bid or alterations, additions, or omissions at any time prior to acceptance of the items/services without voiding the bid, and the successful bidder shall comply with such order. The successful bidder may also request changes in the bid, but no work will be performed on such changes until the request is approved in writing by the County. Such changes shall be performed in accordance with the original bid requirements except as modified by an amendment. Except as herein provided, the successful bidder shall have no claim for any other compensation due to changes in the work.

Any changes or deviation from the contract made without authority in writing from the County's Department of Administrative Services-Purchasing will be at the bidder's own risk. No such changes shall be made nor adjustment in compensation granted unless the successful bidder receives an executed amendment prior to making the changes.

17. Insurance

Prior to the commencement of work, and as a precondition to this contract, Contractor shall purchase and maintain the following types of insurance for the stated minimum limits indicated during the term of this Agreement. Contractor shall provide a certificate of insurance and endorsements naming County as an additional insured on each policy. The insurance carrier shall be required to give County notice of termination at least 10 days prior to the intended termination of any specified policy. Each certificate of insurance shall specify if Contractor has a SIR, and if so, Contractor shall be required to provide the entire policy of insurance with which it has a SIR and/or deductible.

a. Requirements and Limits:

1. Commercial General Liability: \$1,000,000.00 per occurrence and \$2,000,000.00 annual aggregate covering bodily injury, personal injury and property damage. The County and its officers, employees and agents shall be endorsed to above policies as additional insured using ISO form CG2026, as to any liability arising from the performance of any contract resulting from this proposal.
2. Automotive Liability: \$1,000,000.00 per accident for bodily injury and property damage, or split limits of \$500,000.00 per person/\$1,000,000.00 per accident for bodily injury and \$250,000.00 per accident for property damage.
3. Workers' Compensation Statutory coverage, if and as required according to the California Labor Code, including Employers' Liability limits of \$1,000,000.00 per accident, the policy shall be endorsed to waive the insurer's subrogation rights against the County.

b. Insurance Conditions.

1. Insurance is to be placed with admitted insurers rated by A.M. Best Co. as A: VII or higher. Lower rated, or approved but not admitted insurers, may be accepted if prior approval is given by the County's Risk Manager.
2. Each of the required policies, noted above, shall be endorsed to provide the County with thirty (30) calendar days prior written notice of cancellation. Additionally, the policies shall also be endorsed by the insurance company (not the agent) to modify the policies to include Merced County, its officers, agents, and employees as additional insured. The County is not liable for the payment of premiums or assessments on the policy. No cancellation provisions in the insurance policy shall be construed in derogation of the continuing duty of successful bidder to furnish insurance during the term of the contract.
3. These requirements assume that standard insurance policy forms, terms, and conditions will apply to cover the expected risk exposures for the intended "Scope of Work". Additional qualifying policy conditions or special endorsements may be specified in the contract depending on the final "Scope of Work" agreed on by County and the successful bidder. Insurance questions may be directed to the Department of Administrative Services-Purchasing for response from the County's Risk Manager.

c. **Specific Compliance**

1. **OSHA REQUIREMENTS** In addition to specific compliance with Federal, State and local laws and regulations, All material, equipment, process, or labor submitted under this proposal by Bidder shall comply with health and safety regulations and standards of OSHA 1970 and CA-OSHA 1973 as last revised. Further, it warrants that the said material or equipment will not produce or discharge in any manner or form, directly or indirectly, substances that could pose a hazard, injury or illness to the health or safety of anyone who may use or be exposed to the substance, process, material or equipment.

18. Qualification of Bidder

The County may make such investigation as it deems necessary to determine the ability of the bidder to provide the services requested herein, and the bidder shall furnish to the County all information and data for this purpose as the County may request. The County reserves the right to reject any bid should the evidence submitted by, or investigation of, the bidder fail to satisfy the County that such bidder is properly qualified to carry out the obligations of the bid and to complete the requirements contemplated therein.

19. Subcontracting

Any bidder using a subcontractor(s) must clearly explain the use of the subcontractor(s) and list the name(s) and address(es) of the subcontractor(s) providing work under this bid. **(Attachment D)** The successful bidder will be fully responsible for all work performed under this bid and will be considered as the Prime Contractor. Any subcontracting, or other legal arrangements made by the bidder are the sole responsibility of the bidder. Any contract that is entered into between the successful bidder and the subcontractor(s) shall contain provisions for federal and state access to the books, documents, records, and inspection of work.

20. Default

In the event the successful bidder who is awarded a purchase order and/or contract resulting from this bid shall be in breach or default, the County may procure the items/services from other sources and may deduct from any monies due, or that may thereafter become due to the successful bidder, the difference between the price named in the purchase order and/or contract and actual cost thereof to the County. Prices paid by the County must be considered the prevailing market price at the time such purchase is made. These rights and remedies shall not be exclusive but in addition to any other rights and remedies provided by contract law. Periods of performance may be extended if the facts as to the cause of delay justify such extension in the opinion of the Department of Administrative Services-Purchasing.

21. Cancellation of Purchase Order and/or Contract

The County may terminate any purchase order and/or contract derived from this bid as follows:

- a. **WITHOUT CAUSE** at any time by giving thirty (30) calendar days written notice to the successful bidder.

- b. WITH CAUSE (Default) at any time by giving ten (10) calendar days written notice to the successful bidder. Cancellation for cause shall be at the discretion of the Department of Administrative Services-Purchasing and shall be, but is not limited to, failure to supply the items, materials, equipment or services specified within the time allowed or within the terms, conditions or provisions of this bid.

The successful bidder may not cancel any purchase order and/or contract derived from this bid, without prior written consent of the Department of Administrative Services-Purchasing.

22. Rejection of Bid

THE COUNTY RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS OR ANY PART THEREOF, TO WAIVE ANY INFORMALITIES IN THE BID, AND ALSO TO WITHHOLD AWARD FOR A PERIOD OF NINETY (90) CALENDAR DAYS FROM DATE OF BID OPENING.

23. Nondiscrimination

- a. During the performance of this bid, bidder and any sub-bidders shall not unlawfully discriminate against any employee or applicant for employment because of race, color, ancestry, religion, sex, national origin, marital status, age, medical condition (cancer related), physical handicap (including AIDS), or sexual orientation. Equal employment extends, but is not limited to recruitment, compensation, benefits, layoff, termination, and all other conditions of employment. Bidder and sub-bidders shall ensure that the evaluation and treatment of their employees and applicants for employment are free of such discrimination. Bidder and sub-bidders shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12900 et seq.) and the applicable regulations promulgated thereunder (California Administrative Code, Title 2, Section 7285.0 et seq.) The applicable regulations of the Fair Employment and Housing Commission implementing Government Code, Section 12900, set forth in Chapter 5 of Division 4 of Title 2 of the California Administrative Code and incorporated into this contract by reference and made a part hereof as if set forth in full.
- b. Bidder and any sub-bidders shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other agreement.
- c. Bidder shall include the nondiscrimination and compliance provisions of the clause in all subcontracts to perform work under the contract.
- d. Bidder shall grant access by representative of the Department of Fair Employment and Housing and the County upon reasonable notice at any time during normal business hours, but in no case less than twenty-four (24) hours notice, to such of its books, records, accounts, other sources of information and its facilities as said Department or County shall require to ascertain compliance with this clause.

24. Non-discrimination of the Disabled

The County will not aid or perpetuate discrimination against a qualified disabled individual by funding as an agency, organization, or person that discriminates on the basis of handicap in providing aid, benefit, or service to beneficiaries of the program or activity. The County is committed to provide access to all County services, programs, and meetings open to the public for people with disabilities.

In this regard the County and all of its vendors and bidders will take all reasonable steps to ensure that disabled individuals have the maximum opportunity for the same level of aid, benefit, or service as any other individual.

25. Governing Law and Venue

This bid, or any contract that may result from the award of this bid, shall be deemed to be made under, and shall be governed by and construed in accordance with, the laws of the state of California. Any action brought to enforce the terms, or provision of this bid or any contract that may result from the award of this bid, shall have venue in the County of Merced, State of California.

26. Taxes

Sales Tax should be shown separately on the bid form, when and where indicated. The County is exempt from Federal Excise Tax and should not be included in your bid. If your company is outside California and collects sales tax, please state the amount as a separate item if the County is to remit the tax.

27. Samples

Samples of items, when required, must be furnished free of cost. Samples may be retained for future comparison. Samples which are not destroyed by testing or which are not retained for future comparison will be returned upon request at your expense.

28. Liabilities

The bidder shall hold the County, its officers, agents, servants, and employees, harmless from liability of any nature or kind because of use of any copyrighted, or uncopyrighted composition, secret process, patented or unpatented invention, articles or appliances furnished or used under this order, and agrees to defend, at its own expense, any and all actions brought against the County or bidder because of the unauthorized use of such items.

29. Indemnification

Contractor has the contracted duty (hereinafter "the duty") to indemnify, defend and hold harmless, County, its Board of Supervisors, officers, employees, agents and assigns from and against any and all claims, demands, liability, judgments, awards, interest, attorney's fees, costs, experts' fees and expenses of whatsoever kind or nature, at any time arising out of or in any way connected with the performance of this Agreement, whether in tort, contract or otherwise. This duty shall include, but not be limited to, claims for bodily injury, property damage, personal

injury, and contractual damages or otherwise alleged to be caused to any person or entity including, but not limited to employees, agents and officers of Contractor.

Contractor's liability for indemnity under this Agreement shall apply, regardless of fault, to any acts or omissions, willful misconduct or negligent conduct of any kind, on the part of the Contractor, its agents, subcontractors and employees. The duty shall extend to any allegation or claim of liability except in circumstances found by a jury or judge to be the sole and legal result of the willful misconduct of County. This duty shall arise at the first claim or allegation of liability against County. Contractor will on request and at its expense, defend any action suit or proceeding arising hereunder. This clause for indemnification shall be interpreted to the broadest extent permitted by law.

30. Warranty, Manufacturer

Manufacturer shall fully warrant all materials and equipment furnished under the terms of this bid against poor and inferior quality. While under warranty, manufacturer shall repair or replace inoperable materials or equipment in a timely manner to minimize the disruption of County operations. A copy or description of the manufacturer's warranty shall accompany each bid for the material and equipment proposed, detailing the scope and length of the warranty. Where the successful bidder is also the manufacturer of the materials or equipment provided under this bid, the Manufacturer's Warranty requirement will supersede the successful bidder warranty requirement of this bid.

31. Warranty, Successful Bidder

Successful bidder shall fully warrant all materials and equipment furnished under the terms of this bid against poor and inferior quality, for a period of not less than *one (1) year* from date of the final acceptance by the County. While under warranty, successful bidder shall repair or replace inoperable materials or equipment in a timely manner to minimize the disruption of County operations.

SECTION 5 AWARD OF BID

An evaluation team shall validate and evaluate all bids received. All requirements identified in this bid must be satisfied in order to ensure that a bid will qualify for consideration.

1. Lowest Responsive Bidder

Although competitive pricing is essential in the award of this IFB, consideration shall be given, but not limited to:

- a. The ability of the Bidder to comply with Terms and Conditions set forth herein.
- b. The ability of the Bidder to comply with the Specifications or Scope of Work set forth herein.

2. Lowest Responsible Bidder

- a. The quality and performance of the supplies/equipment to be provided by the bidder;
- b. The ability, capacity and skill of the bidder to perform the contract or accomplish the transaction within the time specified, without delay;
- c. The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- d. The quality of bidder's performance on previous purchases by, or contracts with, the County;
- e. The ability of the bidder to provide future maintenance, repair parts and services for the supplies/equipment provided;

3. Award

The County reserves the right to:

- a. Award bids received on the basis of individual items/services, or groups of items/services, or on the entire list of items/services;
- b. Reject any or all responses, or any part thereof;
- c. Waive any informality in the bids;
- d. Accept the bid that is in the best interest of the County. The Department of Administrative Services-Purchasing's decision shall be final;

An evaluation of the bidder's ability, quality, and performance as set forth under Section 5.1, "Most Responsive Bidder" and Section 5.2, "Lowest Responsible Bidder", of this bid, will be used in addition to total cost as a basis of award for any ensuing contract.

4. Notice of Intent to Award

A “Notice of Intent to Award” will be sent to all participating Bidders upon conclusion of validation and evaluation of all bids submitted. This “Notice of Intent to Award” will be sent to all participating Bidders by U.S. postal mail, facsimile, and/or email.

5. Debriefing

A debriefing shall be held before the award of the Contract upon the timely request of an unsuccessful Bidder for the purpose of receiving information concerning the evaluation of the Bidder’s bid response. The request must be in writing, dated, signed either by the Bidder or a legally authorized individual on behalf of the Bidder and be received by the County’s Department of Administrative Services-Purchasing Division at 2222 “M” Street, Merced, California 95340 within three (3) working days following the County’s U.S. postal mail, email, or facsimile of the “Notice of Intent to Award”. Each requesting Bidder will be allotted a maximum of one hour for any debriefing conference. The information provided by the County will be based on the evaluators’ determinations of your company’s submitted bid as it relates to the evaluation criteria as stated herein above. The debriefing may be held, in the discretion of the County, by telephone conference call. The debriefing is not the forum to challenge the bid’s specification, requirements, or the selection criteria. The debriefing procedure provided herein to all requesting and unsuccessful Bidders to the County’s Invitation For Bid is the exclusive and sole remedy and means of receiving information upon the respective Bidder’s evaluation and preliminarily challenging of the award.

6. Protest

The protest process is made available in the event that an unsuccessful Bidder cannot reach agreement with the County after undergoing the debriefing process described herein above. Should an unsuccessful Bidder request a debriefing, and believes its submittal to be the most responsive to the County’s Invitation For Bid and that the County has incorrectly selected another Bidder for award, the appealing Bidder may submit a protest of the selection as described below:

All protests must be made in writing, dated, signed by the Bidder or an individual authorized to sign Contracts on behalf of the protesting Bidder, and contain a statement of the reason(s) for protest; citing the law(s), rule(s) and regulation(s) or procedure(s) on which the protest is based. The protesting Bidder must provide facts and evidence to support the protest.

Protest(s) to County’s notification to award must be sent either by U.S. mail, postage prepaid, or by personal delivery to:

County Executive Officer
County of Merced
2222 “M” Street
Merced, California 95340

All protests in relationship to the County’s intended award decision, must be received by the County Executive Officer no later than seven (7) working days following the County’s, U.S. postal mail, facsimile, or email of the “Notice of Intent to Award” to the Bidder.

7. Protest Procedures

A Bidder protesting the results of any of the processes described herein must follow the procedures set forth. By submitting a “Letter of Intent to Protest”, the Bidder has agreed that the protest procedures herein shall precede any action in a judicial or quasi-judicial tribunal regarding this proposal. Protests that do not follow these procedures shall not be considered. The protest procedures constitute the sole administrative remedy available to the Bidder under this procurement. Upon exhaustion of this remedy no additional recourse is available with the County of Merced.

Upon receipt of the formal protest, the County Executive Officer, or his/her designee, will attempt to resolve the protest. If the protest has not been resolved, the Bidder will have an opportunity to address the Board of Supervisors stating their concerns. The decision of the Merced County Board of Supervisors constitutes the final step of the Bidder’s administrative remedy. A protest shall be disallowed when, in the judgment of the County Executive Officer, or his/her designee, or County Board of Supervisors, it has been submitted: (1) as a delay tactic; (2) for the purpose of posturing the protester advantageously for future procurement; (3) in a form that deviates from the one prescribed; (4) without adequate factual basis or merit; or (5) in an untimely manner.

In the event that a protesting Bidder does not appear at the protest hearing as scheduled by Merced County, the protest will be disallowed.
