## Who are TAY?

Transitional Age Youth (TAY) are individuals between the ages of 16 and 25. The TAY Wellness Center (CUBE) has been especially designed for youth, by youth.

Our target population are youth recovering from mental and/or emotional problems who may be emancipating from Foster Care, Group Homes, The Juvenile Justice System, and/or youth from within the community.

The CUBE is a one stop drop in TAY Wellness Center that provides a safe environment for youth to set their own identified Wellness & Recovery goals and succeed in life.

The CUBE staff are dedicated to helping improve the quality of life for TAY in Merced County by providing assistance in becoming more independent.
