Performance Objectives

Officers will have the skills to recognize and testify in court on narcotic and drug identification and effects. Students will receive a Pupillary Card and pen light for examinations. Officers will be tested on the following and must demonstrate: 1. Explain in layman's terms the history, present and future, of the DAR (Drug Abuse Resistance) education. 2. Explain the seven step process as a method of evaluating a person under the influence of drugs 3. Explain an overview of the methodology in the performance of the DAR evaluation technique 4. Explain the differences between the DRE (Drug Recognition Expert) and DAR techniques and their validation for reliability 5. Eye & Pupil Examinations students will explain and show the instructor the following: a. The Procedures for administering each eye exam b. Describe the clues of interest in each exam c. Conduct the exams and note clues observed during the test d. Prepare a complete, clear and accurate record of exams. 6. Student objectives during each DAR by drug classification a. IDENTIFICATION - Drugs: look, packaging and methods of concealment - Methods of Administration - Signs & Symptoms of drug influence - Time Parameters according to each drug classification b. Explain clues during an evaluation

Testing Procedures (if applicable)

Pre Test, Post Test
